To recognize the similar heritage of North and South Americans is to strengthen the bond of understanding and to cement the relationship of American peoples.

Ancient artifacts and insignia common to both American continents furnish undoubtable links between today and yesterday. Because its elements are the same now as in civilization's most distant past, the language used to evaluate and appreciate the earth's collection of structures and objects of art has so far been the only one proved universally understandable and lasting. Through it information and ideas are transferred; spiritual and intellectual awareness is enhanced.

We dedicate this book to the achievement of unity among the peoples of the American continents.

The Watchtower,
Beverly Hills High School

That tomorrow is now cannot be denied whether our concern is economic, political, or social, or whether we are dealing with the sciences or the social sciences. The next few months at Beverly Hills High School will see the use for the first time of new and remodeled facilities that promise to enhance educational opportunities immensely in this district — but new facilities alone will not accomplish this purpose. What is done with these facilities is the key.

The Board of Education,
Beverly Hills, California

The Beverly Hills Board of Education has confidence that by providing leadership in program through innovation, by an aggressive acknowledgement of today's needs, and by employing a superior staff, an outstanding program of education will continue. Facts obtained through comparative evaluations and by tracing the graduate's achievements during college study give proof that the district has succeeded admirably in pursuing the objective to build an educational system second to no other in the country.

Tomorrow is Now

The Student Activity Center

The unprecedented increase in information suggests that our fund of knowledge in the year 2000, will be one hundred times that of 1900. Pupils in our schools today will be in their prime at the outset of the 21st century. The crisis in education is to acknowledge that the pupil in 2000 cannot learn one hundred times as much as was expected in 1900. There must be a selection, a re-synthesis of materials, and new tools and techniques to deal with them.

The Main Hall

The explosion of knowledge has led to a variety of new instructional techniques and tools to make learning and teaching more efficient and productive. Information Retrieval, Department Study Centers, individual listening carrels, project rooms, microfilm readers and viewing rooms represent approaches to encourage independent learning and individualizing of instruction. With completion of the physical facilities now in construction at Beverly Hills High School, all of these approaches will have been established in quarters designed to allow for their growth.

Tomorrow is Now

At Beverly Hills High School we are doing more in the humanities approach than ever before in order to answer the many questions posed by students today who wish to know who they are, what is the purpose of life, and what they can do to become responsible members of society. Courses that integrate music, art, history and literature can best support considered and valid answers to these questions. This is not to downgrade the importance of individual courses in these fields. They must continue and be expanded. The "whys and wherefores" rather than performance, however, must be attacked and resolved whenever possible.

Superintendent of Schools
Kenneth L. Peters

While hemispheric security long before President Monroe's message to Congress in December 1823 has been the most obvious common ground for the various States of the Americas to join and cooperate, the spirit of unity from Canada to the southernmost tip of Argentina and Chile is further enhanced and secured by the bonds of culture and a certain degree of commonality in the structure and form of their arts. While the Americas are an amazingly different and varied collection of "States," yet they possess through their history and tradition individually and collectively an opportunity to strengthen hemisphere relationships and dictate that their model can prove the answer to the world's quest for peace. The staff's dedication of the Watchtower to that strengthened unity is noteworthy and commendable.

Best wishes to the Class of 1968.

This helicopter view shows the early stages of construction which took place during 1967 and 1968. Within the dotted areas will grow the much needed additions to present structure and a handsome new five story building. All Beverly Hills District and School Administrators have taken an active part in planning this new housing of some of the most modern and complete instructional facilities in the United States. It will provide opportunities for students to carry on independent studies. There will be many more classrooms, a new cafeteria, a senior quad, a small theatre, an observatory, and improved fine arts and technical arts departments.

Apparently the current catch word or phrase is "effective communication." What it will be a year from now or a hundred years from now is of minor significance, but the need for "understanding" when more than two human personalities communicate will always be important.

Here, the school has a significant role to play, for the development of the tools of communication and their effective use is the major objective of the educational program. Beverly Hills High School provides many opportunities for students in writing, in art, in music, and in speaking both in English and foreign language, to communicate not only with each other but with those of other cultures.

It is appropriate for this yearbook to choose as a theme one that is designed to promote understanding among all peoples of the Americas.

Educational Interchange

With teachers Neo Gutierrez and Alicia Ramirrez, Beverly students depart for Acapulco summer session.

Beverly Hills High School has taken a major step in the promotion of international friendship. The Acapulco-Beverly Hills educational exchange program of 1967 was named the best in the United States by the Reader's Digest Foundation and the Town Affiliation Association. Elementary and high school students were involved in a five phase program. Sponsored by Mr. Robert Holmes and Mrs. Rena Hubbard, Beverly's Madrigal singers toured Acapulco in April. Elementary and high school students visited the homes of Acapulco families during summer studies and Mexican students attended special classes in Beverly Hills. A teacher exchange brought Sr. Alberto Alcaraz from Acapulco while Mr. Neo Gutierrez and Mrs. Maria Hulse accompanied students to Mexico. Since the inception of the sister-city program there have been many interchanges of ideas and information.

When the Madrigals toured Acapulco in April both sponsors and students were greeted most warmly. They furnished both entertainment and inspiration.

Acapulco students played happily at a picnic in Coldwater Canyon Park before studies began.

The Fall semester of 1967-68 was truly an interesting one. Although plagued by the age old Beverly problem of lack of student support, the Student Council presented many exciting events.

Early in the year, the useful pocket calendars were distributed and the student body enjoyed the first-ever Movie-Dance. Ex-Governor Brown highlighted this year's Political Emphasis Week which was a worthwhile event for those who came. Vietnam forums and the new Rennaissance Pleasure Faire were also outstanding activities.

To Larry and Debby go my great thanks for a tremendous semester.

Larry Koplin

A.S.B. Vice President Larry Koplin, in charge of Student Body elections, initiated a new policy in the fall voting procedure. This innovation included abolishment of registration and petitions, as well as the formation of an A.S.B. Election Board. Larry's work was symbolic of this years' effort to more productive and efficient student government.

A.S.B. Secretary
Debby Lapidus

A.S.B. Secretary, Debby Lapidus, through her four years of high school, has participated in many student government activities. She has held the offices of Sophomore Class secretary, secretary of Girls' League, and has also served on Student Council. Debby was responsible for constantly prompt and complete correspondence and should be credited for much of the behind the scenes work, so essential to a successful semester.

MISS JANET PATEY

When dear Janet Patey announced that she would retire this year it was difficult for students, parents and faculty to adjust to the idea. Beverly without Miss Patey can't possibly be the same. Through her classes in physical education and study skills she has reached with lasting effect a great many individuals. We wish her well as we say, "Au revoir, Miss Patey."

spring

A.S.B. President
Jeff Golden

The improvement of student government at Beverly, depends upon a re-evaluation from both ends: the Administration must see the student body as a group of individuals, with individual strengths and levels of maturity, and the students must overcome their apathetic contempt for student activities and school officials. It is now the responsibility of the dissatisfied student to educate himself as to the legal and logical extent of student government's powers and to offer constructive alternatives. Student government is ineffective because few students support it, and few students support it because it is ineffective; we won't escape this dilemma until we take a closer look at ourselves.

Jeff Golden

A.S.B. Vice President
Stuart Winthrop

A.S.B. Vice President Stuart Winthrop, Former Boys' League President, worked to maintain an efficient election system. Augmenting the election board, Stuart formed an election committee to help hang posters and to distribute voting materials for an election survey. For the first time the student body was given an opportunity to voice its opinion on present voting policies.

A.S.B. Secretary
Didi DeWitt

A.S.B. Secretary, Didi DeWitt has held the offices of Girls' League Secretary and Junior Class Secretary. Didi was both an Adelphian and an Alpha, in addition to being an active member of Student Council for three semesters. Ultimately elected A.S.B. Secretary, she has carried through with her promise to be more than a "silent stenographer" Didi acted as an intermediary between student opinion and student leaders which was definitely an aid for a successful semester.

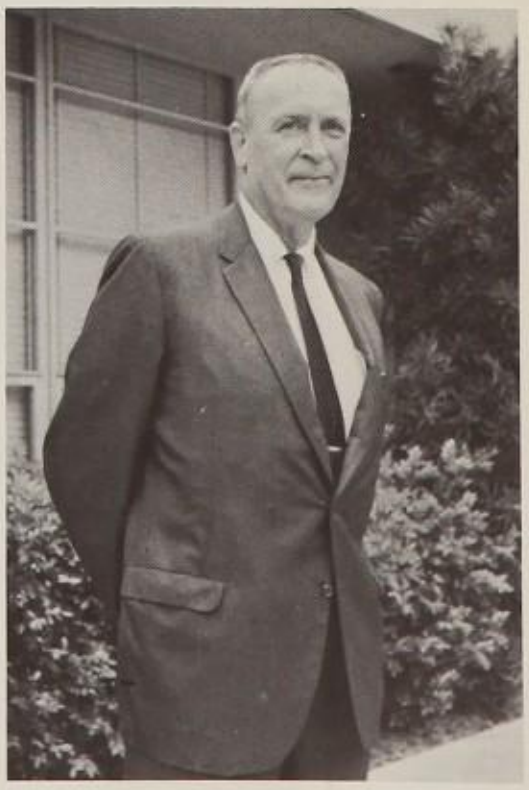
MR. EDWIN ELLIOTT

A distinguished teaching and counseling career at Beverly comes to an end and as Mr. Elliott makes the decision to retire. Many students of mathematics remember Edwin Elliott most fondly as well as do many Beverly seniors for whom he smoothed the way to college entrance. Several years of military service can also be added to the list of Mr. Elliott's successes. Beverly is proud of them all and sad to see them finished. Happy days, Ed Elliott!



To Mark—
Good luck in the future.
Watch in the summers
See you in school (ugh).
At summer's end I'm famished
(and) when I'm rich as an accountant
You'll have me autograph
Your pinata, Ginger

The Seniors are, of course, supreme, as Harriet belts out the Alma Mater.

Excitement reigns as the results are announced.

Richard Hall deals with the Hello Day audience.

Sheldon Sherman solos.

The year began in a frenzy of class spirit between eager sophs, determined juniors, confident seniors, and frightened frosh. The hours of frantic preparation ended in the matchless mirth that was Hello Day. After the cheering and the exuberant choice of Friendliest Normans, the seniors swept in their honors on a full scale production of "Beverly through the Ages" and the now immortal Steinbaumian Alma Mater.

Pigskin Prom

The Pigsk-in poster.

Sparkling the 1968 gridders to their whirlwind season was the spirited Pigskin Prom. Cleverly disguised as the annual Junior dance, the "Pigsk-in" combined best elements of a green power, love-in, and traditional Norman dance. Flower children and Keelormen agreed on one word, **great.**

Debbie Ross and Larry Koplin re-enact the "good-old" days

Micky Gilford lets loose

Debby Masters and Mike Bronn show off their dancing ability.

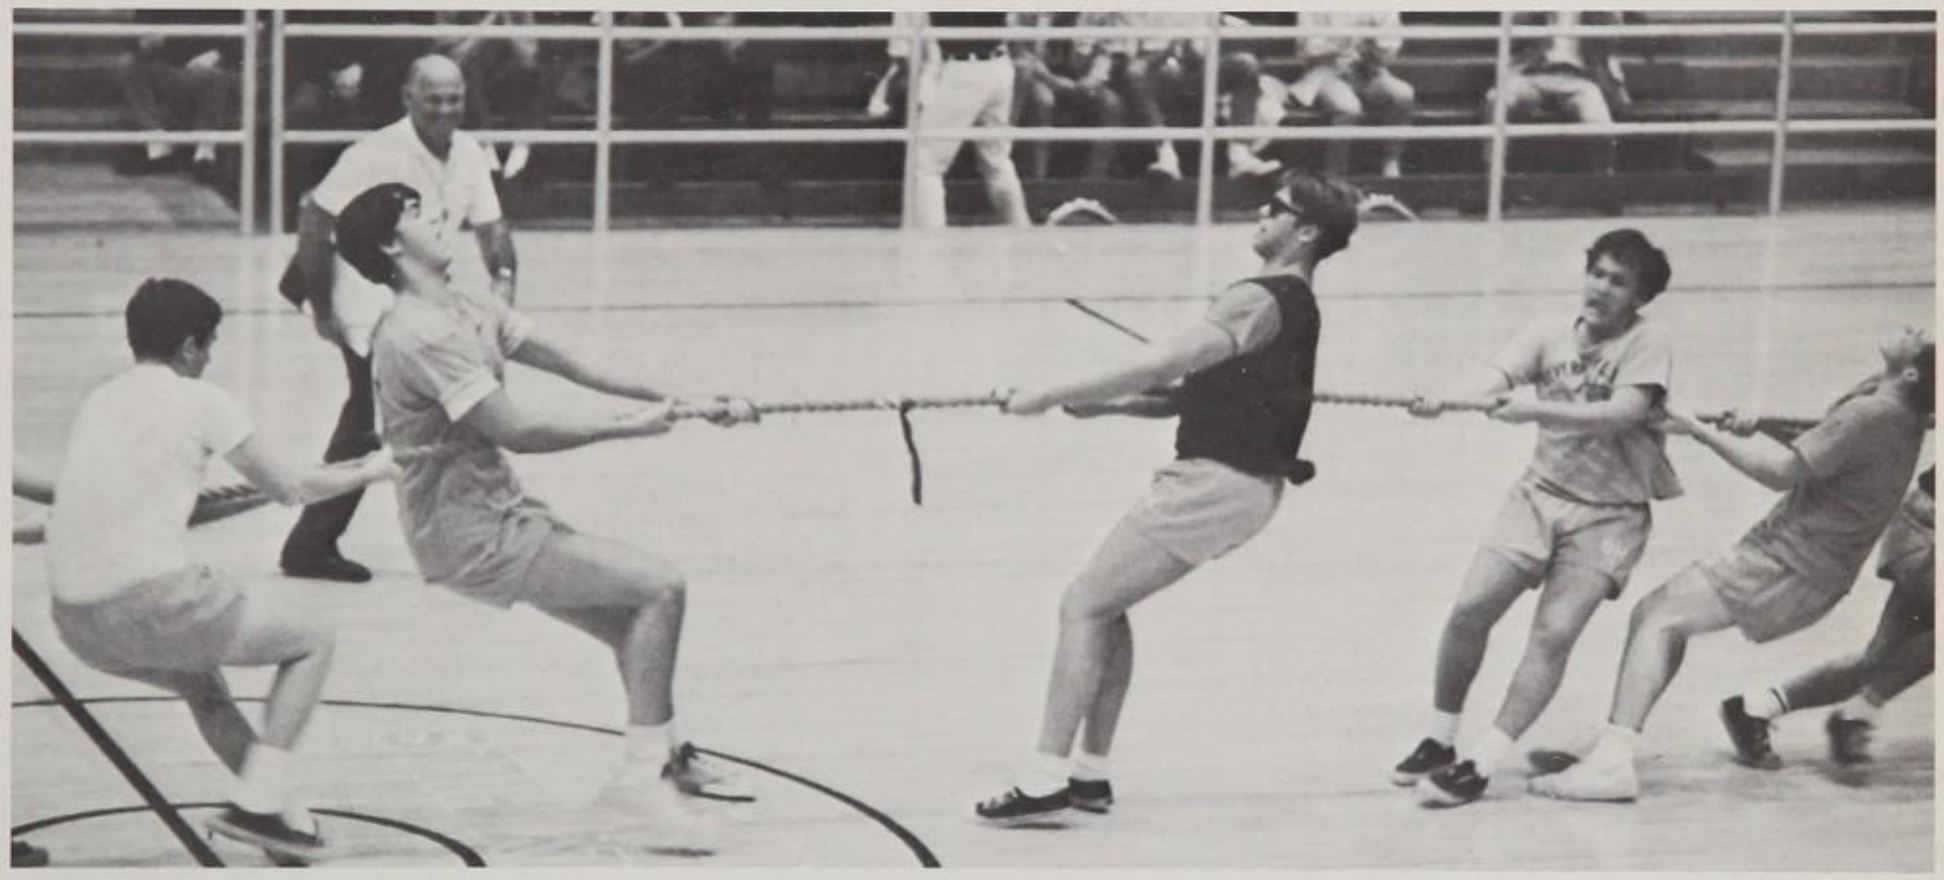
Richard Sherwood and Ronnie Fields put on a good show.

A lone stranger snaps to the rhythm.

Peter Rutenberg eyes Sara Berman.

"Rick-shaw girl" Sharon Stahl balances her lampshade hat.

After weeks of organization and practicing, the classes began the big test to decide who was to be supreme. The Juniors were great in volleyball, but the seniors topped them in land relays. The water contests were neck and neck, but in spirit the seniors couldn't be beat. The final decisions? Seniors still supreme!!



Juniors struggle to hold back seniors.

Frustration.

Sue Davidson, Louise Ross, Paul Rosensteil, and Gary Goodman in their retreat.

Truman Capote's "The Grass Harp," directed by Mr. John Ingle was presented in the fall. Costumes of the 1925 period were designed by Mr. Joseph Markham.

Beverly students, headed by Peggy Combest, Heidi Hilb, and Judy Rubins did all of the sewing. Sets designed by Mr. Rex Faubion were constructed and handled by the stage crew under stage manager Ross Snyder. Lighting was coordinated by Stephen Marlow.

Other crew chairmen were Pat Goldstone and Eileen Linde, publicity; Sara Berman, Maggie Field and Debbie Ross, props; Inigo de Martino and Sheldon Lettich, set painting; Shari Horowitz and Debbie Winer, box office; Bill Grubman, Marc Habelson, and Vicki Sanders, lobby display; and Chris Wilson, make-up. Missy Reden designed the programs and posters which are reproduced here.

The capable cast included Peter Black, David Bulasky, Susan Davidson, Gary Goodman, Joanne Hall, Garry Karton, Denise Leader, Roberta Meyer, Paul Rosenstiel, Louise Ross, Stephen Shoop, Harriet Steinbaum, Sandy Steinman, and Michael Tolkin. The several performances will be remembered with particular delight.

Hootenanny

Missy Reden and Bonnie Burstien add to the fun.

David Leisner sings a Russian folk song.

The audience shows their appreciation.

Everyone is taken in by the talent.

Toni Wager with a wistful ballad.

Hot chocolate, gingerbread, and a cheery fire were the casual watchwords of an evening of intimate warmth, artistic and creative expression as Norman folksingers strummed and sang at the fall Hootenany. Many of the performers not only played, but also wrote a "S A C" full of songs.

Student Government Day in City Council

Above: Dan Polier, Cathy Stumpus, Garry Karton, and Margaret Kaplan learn what really goes on at City Council.

Donna Weisz, Debby Lapidus, Tommy Udell, Neal Spiegel, Larry Koplin, Sharon Stahl, and Rick Sterling conduct the meeting.

When seniors take over a startled city hall, a bemused library, an entire fire department, and the city jail, we call it Student Day in City Government. Firmly armed with illusions and resolutions, twenty-five seniors took power as the city's officials.

Below: Fred Mann and Laurie Zoloth contemplate.

the queen and her court

For five very excited girls, a December noon, a front lawn rally, and a single rose are elements of a moment of incredible magic. Later, wearing long dresses, the precious crowns, and enthusiastic smiles, the 1968 Queen Margret Mathers and her court; Debby Ross, Senior Princess; Suzanne Shanker, Junior Princess; Eva Ein, Sophomore Princess; and Ricki Farber, Freshman Princess reigned in happy majesty over the Beverly Hills Invitational Basketball Tournament and radiated enough magic for all to share and enjoy.

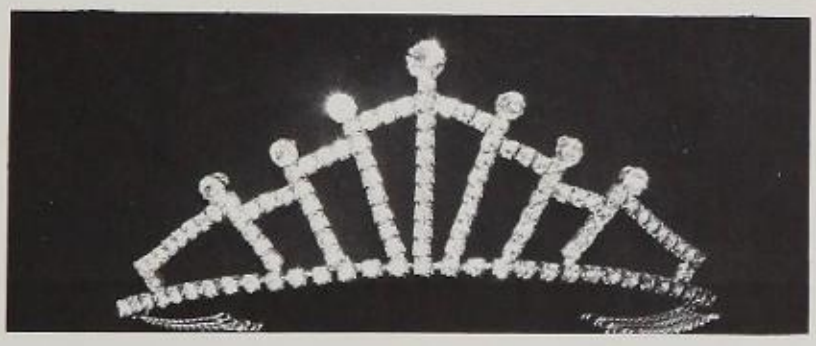
The Unforgettable Noon

In electing the queen, the student body gives recognition to the loveliest girl on campus. Margaret's quiet grace and natural beauty combine to give her a truly royal charm.



New friends who Care! Gifts! Candy! Santa Claus!
These are the things the children at Albion Street School
look forward to each year when students from
Normandy visit them at Christmas time. Gifts and candy are
purchased with money donated by
Normans during the annual Albion Street drive.

This year Norman student body officers journeyed to Albion Street with
a sack full of surprises. Student body president, Fred Mann,
was an excellent Santa Claus although he did need a great deal of
padding. He listened to the childrens' wishes for bicycles, dolls, and even a
new sister or brother. All who went will remember the smiles
and expressions of each child as they sang, played
games, watched Leslie Marell with her puppets, and genuinely
enjoyed the Christmas spirit.

Fred Mann enjoyed his role as Santa Claus as he listened to the hopes of the different children. Wendy Gluck broke the ice with a shy little girl while Sheri Weissbrod had no trouble with two enthusiastic friends. Happiness to one little girl was a game of jacks with Ilene Pregler while another student finds contentment in a real treat— a candy cane!

Jazz Night

Songs of beauty and truth, sung by the Stone Ponies made the Jazz Night Performance a great activity to mark the close of the first semester. Backed up by the Hollywood Allstars and the Public Affair, Normans were treated to a combination of folk, rock, and fun. The standing ovation proved the enthusiasm Normans have for good music.

"Clap your hands. Let me hear you say Yeah! . . . Yeah." The Hollywood Allstars had almost as good a time performing as the audience did listening to them.

With a vibrant light show, the Public Affair aired songs soon to be released.

At the Renaissance Faire folk singers and drama students who had been favorites during the year entertained. Students strolled about enjoying refreshments or buying beads and trinkets. The afternoon was both a social and financial success for the ASB.

Patty Fields was a contented customer. Mike Bronn tried jewelry on Alice Graham.

Kay Daniels, at right, and Vicky Dymytryk, far right, relished the original peppermint in lemon halves which were the hit of the afternoon for gourmets.

Political Emphasis

Beverly was lucky to have speakers throughout the year from three levels of government. The city government was represented by Beverly Hills Mayor Fredric Leopold, the national government by Representative Thomas Rees, and former Governor Edmund Brown spoke about state and world affairs. Each discussed the important and controversial issues of today: war, peace, taxes, and the draft. During each presentation Normans posed many significant questions.

Balloons! Confetti! Streamers! Sponsored by the four honor clubs: Alphas, Knights, Adelphians, and Squires, this year's carnival followed the tradition set last year. With spiffy games, an exciting band, prizes, and fantastic food the carnival was a great success. A variety of booths, from the dime-pitch to dart throw, provided challenge and fun for all.

THE MIKADO

This spring the Fine Arts Department, consisting of Drama, Music, and Art Divisions, presented the much-loved musical, **The Mikado.** Under the direction of Drama Coach Mr. John Ingle, the entire cast and crew created a truly professional production. The authentic costumes which reflected the customs of the time and locale added to the high quality of the play. The transformation of Beverly's own students into the Japanese characters through the use of make-up was fascinating. The romantic leads Yum Yum and Nanki Pooh were portrayed by Patricia Cummings and Ronald Burger. **The Mikado** was played by Dave Bulasky. Other characters were Koko, Chip Green; Pooh Bah, Geoff Schlaes; Katisha, Joanne Hall; Pish Tush, Steve Fraider; Pitti Sing, Harriet Steinbaum; and Peep Bo, Lynne Levinson. Beverly's presentation of Gilbert and Sullivan's **Mikado** will long be remembered.

Musically, **The Mikado** was also a great success. The orchestra was conducted by Mr. Ronald Smart and vocal accomplishments were directed by Mr. Robert Holmes and Mrs. Rena Hubbard.

From the Art Division, sets and lighting were designed and constructed by the Stage Design and Stage Production classes under Mr. Rex Faubion.

Programs and brochures were designed by Mr. Robert Brewer and the lobby display was created by Mrs. Arnita Albright with her Advertising Art class.

The assemblies this year proved very enjoyable. They ranged from guest speakers, such as John Goddard, to performances by Beverly's Fine Arts Department.

This year's **United Welfare Drive** was highlighted by an assembly at which handicapped students from Whitney High School vied against members of Beverly's Varsity Club in an exciting game of wheelchair basketball. The student body was delighted at the agility of the visiting team and the ineptness of our own. In total, the assembly made giving much easier. "You can depend on us if we can depend on you" was the slogan of the Welfare Drive.

John Goddard hosted one of the best assemblies of the year. Travel into foreign lands became real adventure when this popular guest appeared.

Veteran's Day was celebrated at an assembly which featured the rousing music of the Salvation Army Band. An innovation this year was the presentation of readings from Mr. Klotz's "Readers' Theater."

Mr. Smart is new to Beverly this year as an instructor in instrumental music. From band to chamber music, the students reacted with enthusiasm.

Monday Musicale, created and headed by Mr. Smart, is a musical presentation each Monday noon by one or a group of the orchestra's top musicians. It originated with the chamber music presentation by the Salvation Army Band. The program has proven very enjoyable and worthwhile.

Musical Comedy Workshop, headed by Mr. John Ingle, consists of students who are interested in producing shows. They meet after school and spend many hours practicing songs and production numbers. The assembly at which they presented some of their numbers proved that the workshop is a success.

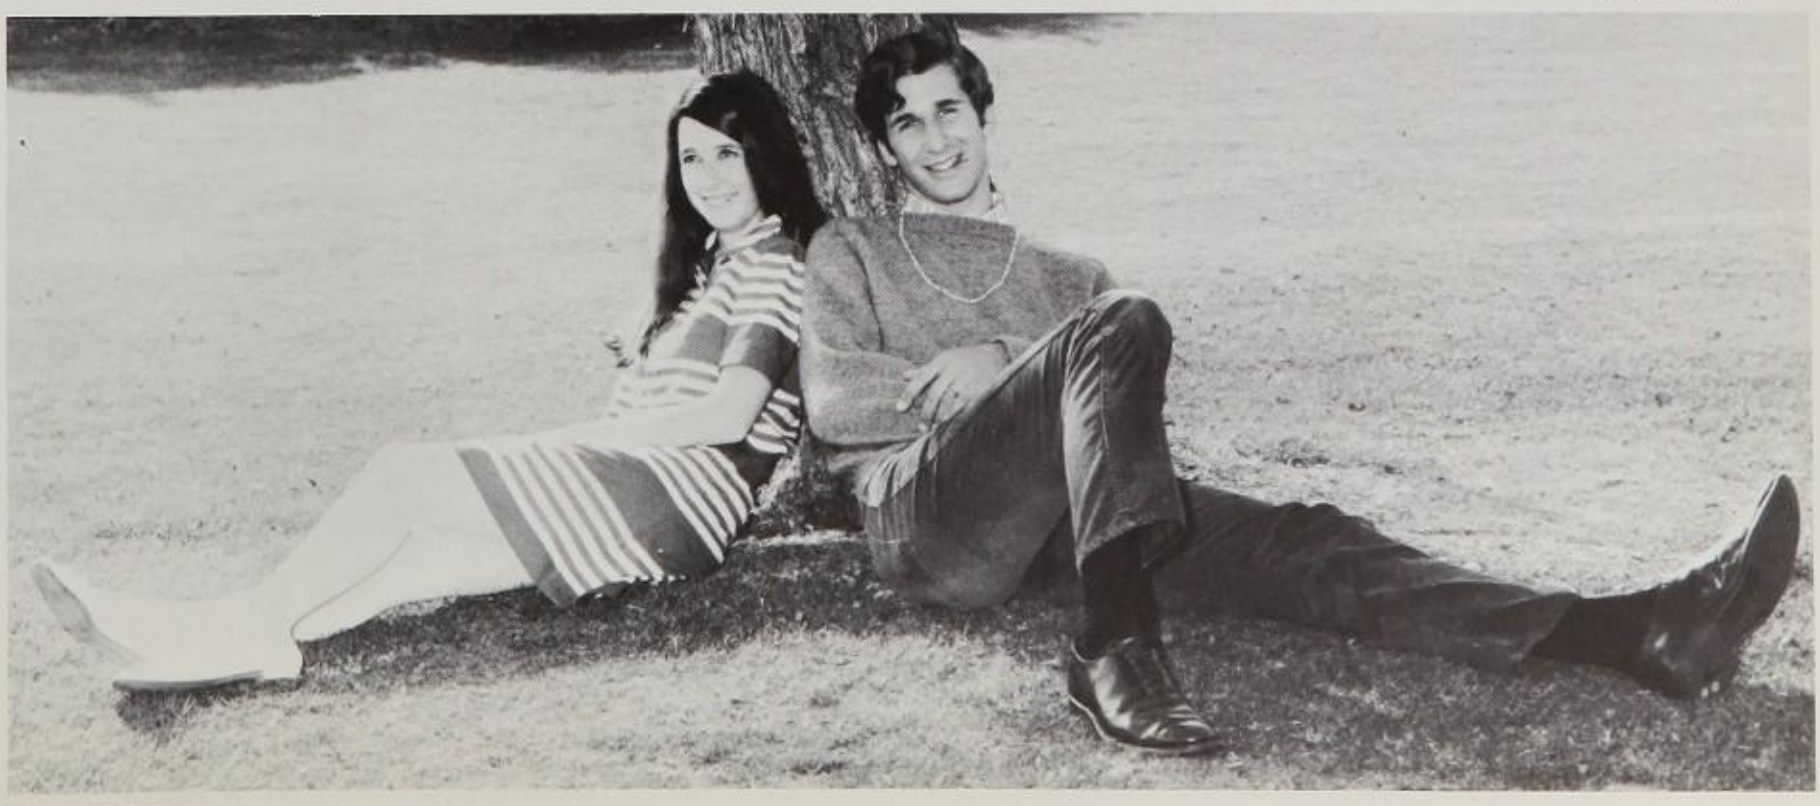
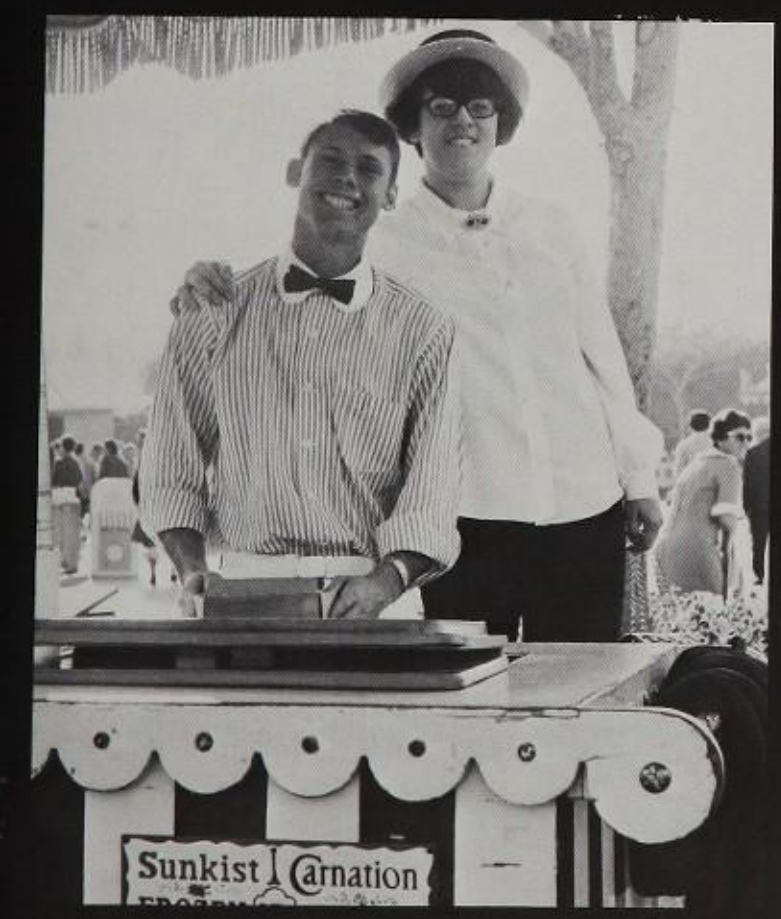
"Most Easy Going"
Shelley Daniels and Bob Friedman



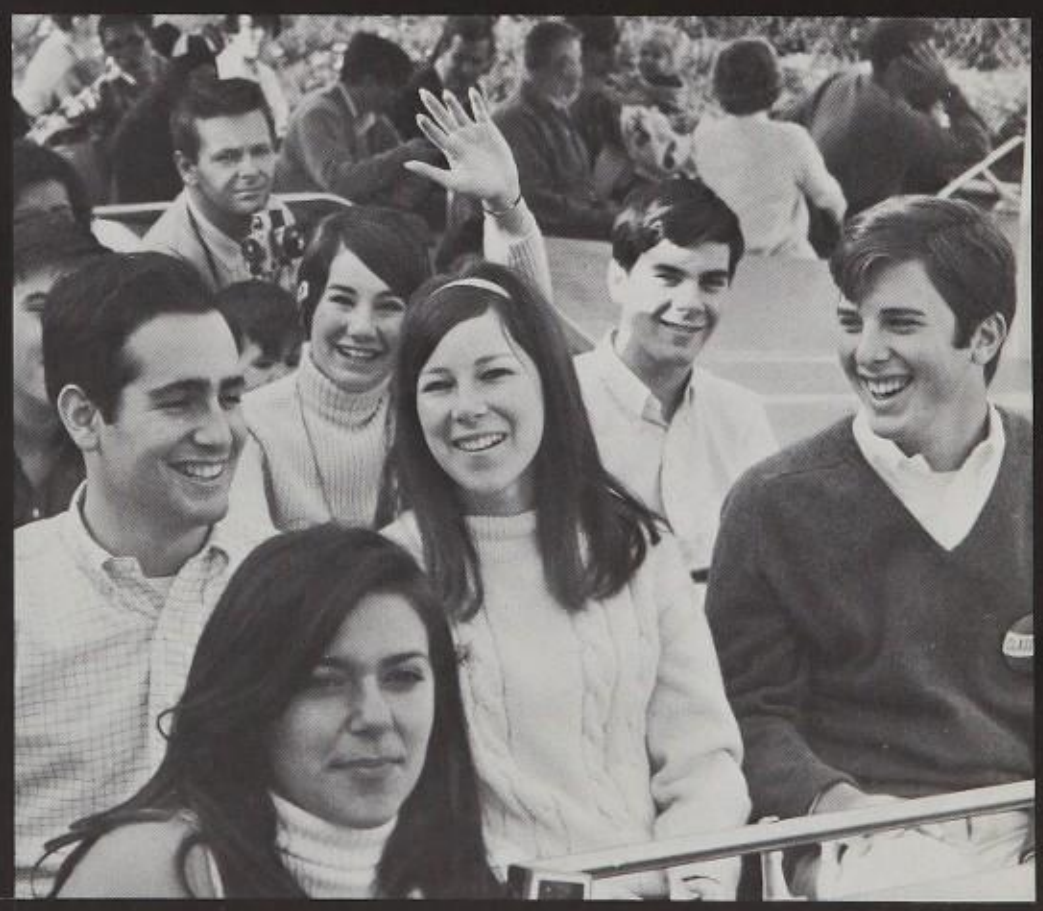
The Seniors boarded the buses early for Disneyland to begin their

day of twirling tea-cups and voyages to Tom Sawyer's Island.



The Seniors were also busy eating, buying Mickey Mouse

balloons, rowing a canoe, and visiting "Small World."

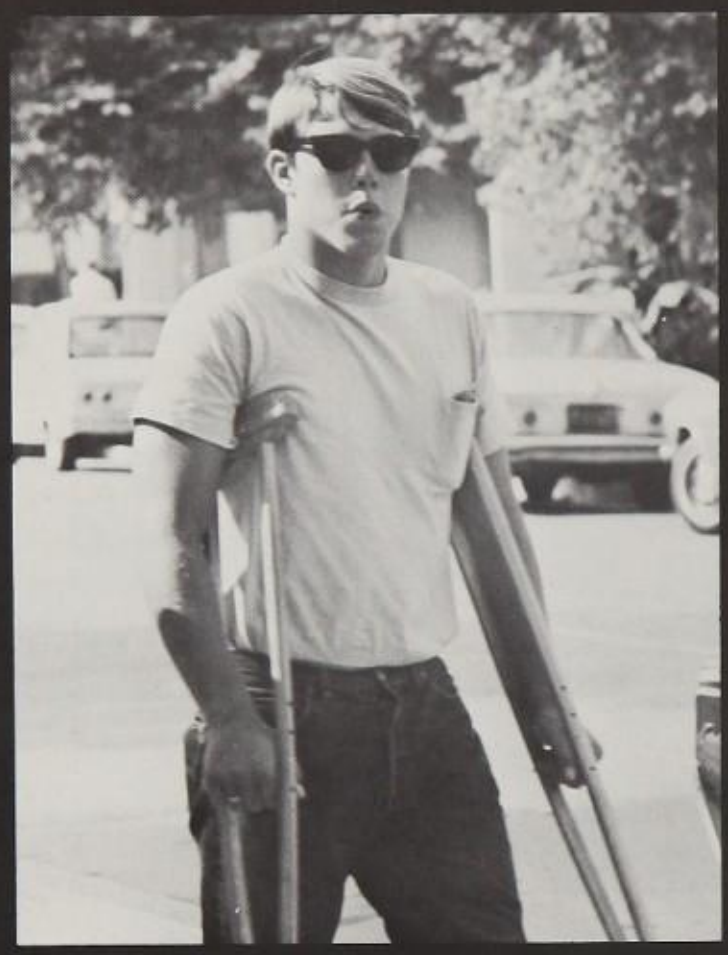


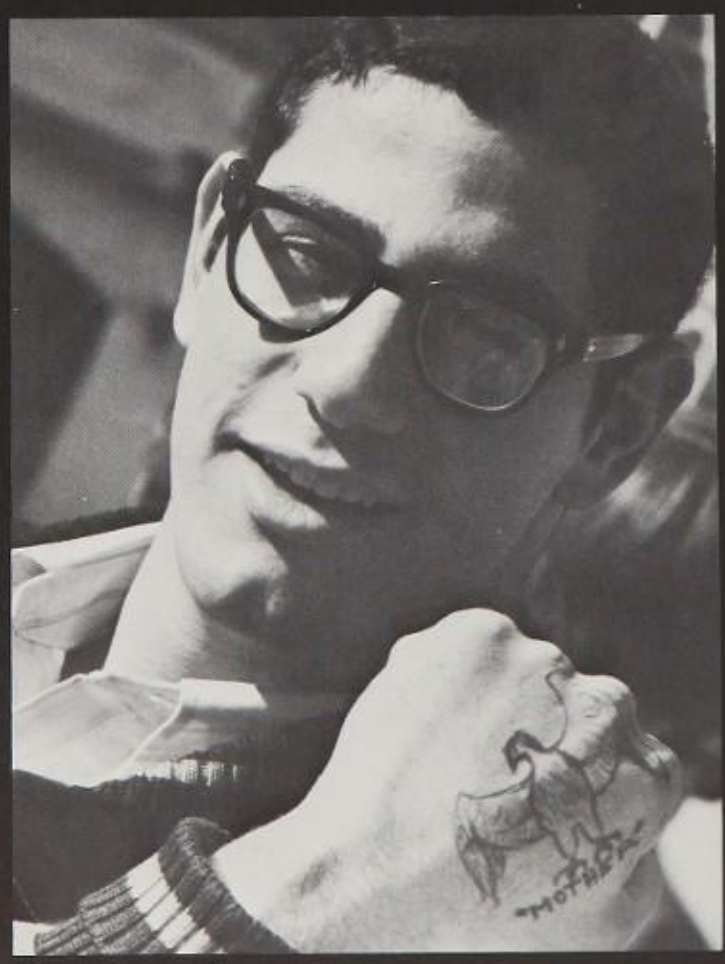
The tired seniors left the fantasy world of New Orleans, Main Street bobsleds, and Donald Duck, long after the sun had set.

The Senior Prom was held at the Beverly Hills Hotel in June.

Dear Friends,

Due to circumstances beyond our control, our Senior Prom pictures are posed previous to the actual event. Our lovely couple is standing on a table in the most exclusive section of our Watchtower studio. On their extreme right is a typical orchid presented to the girl on this illustrious occasion. In the center is a chandalier found in the Crystal Room of the plush Beverly Hills Hotel where the prom is to take place. The design of the bid which has yet to be conceived, may or may not appear on this page.





The senior man, bold and wild, secretly loves the freshman child.

A Sky League championship and a possible C I F placement were the expectations of Coach Dick Keelor for this year's Norman Gridsters. With a potent offense led by quarterback Jim Heumann and a devasting defense inspired by Mike Wellman and Jerry Smith, Beverly moved into eleventh in C I F after setting aside its first four opponents. The highlight of the early season was a win over AAAA Long Beach Jordan.

Entering League play, Beverly encountered the always strong Rolling Hills Titans and succumbed in a real thriller 13-6. Humbled by powerful Morningside in a fiercely contested battle and stunned by a surprising Leuzinger squad in a real heartbreaker 14-13, the Normans hope for a good season looked dim. Returning home, Beverly rebounded with wins over cross town rival Culver City and a tough Torrance team. In these last two games the Normans demonstrated fine ability and the will to win for their school that found them with a 6-3 mark, the first winning season in twelve years.

MIKE BARR A convert from Cross Country, "Speedy Mike" thrilled many a Norman with his flashy running style.
KEN GAZIN One of the quickest gridders, Ken distinguished himself an excellent pass rusher.
ELIE GINDI A fine defensive back for two seasons, Elie again showed good hands and fine feet.
JIM HEUMANN Outstanding offense back and this year's Blanket Award winner, Jim capped off his sparkling career with over five yards a carry and twenty-five touchdown passes in three campaigns.
MARK HIRSCHMAN A steady performer for three seasons, "The Mongoose" again shows his deadly blocking at strong guard and provided strong leadership as co-captain.
BRUCE HOCHMAN Filling in for the injured Schlaes, Bruce showed his fine ability as a recipient of an Alonza Stagg Award.
BILL HUSSEY One of the hardest workers on this year's team, "The Bull" distinguished himself as an outstanding offensive and defensive tackle.
JEFF JASON Moved to linebacker, "The Hawk" displayed good lateral pursuit and crisp hard tackling which won him outstanding defensive back.
JACK POWAZEK Probably the most spirited gridder, "Jackson" represented the fine attitude of the squad.
STEVE RASAK Entering Beverly Hills in mid-October, Steve walked into a starting job at defensive half.
JERRY SMITH Outstanding defensive lineman last year and again this year, "The Jet" once more proved his fine defensive end play by winning an Alonza Stagg twice and by winning all league honors.
MIKE WELLMAN A varsity standout defensively and offensively, "The Stump" called the defensive signals this year and won all league honors at offensive tackle.
JEFF WEINER The biggest and strongest gridder, "The Giant" single handedly repelled many an enemy attack.
RON ZOLKOVER A fine all around performer, "The Rocket" proved invaluable at offensive guard.
BEN ZYCHER Probably the most improved player, "The Bear" blossomed into a fine defensive performer.

This year's "B" Footballers achieved a remarkable 3-1-1 mark in Sky League competition and missed being League champions by only one-half game. Pulling themselves together after four pre-season losses, Coach Dick Schreiber's Norbabes played magnificently the remainder of the season. Quarterbacked by Freshman sensation Tony Meade and carried on the ground by halfbacks Chuck and Tommy Fries, the Normans' offense proved very effective. With Bob Housman and Burke Cahill leading the defensive corps, Beverly's Bees had one of the most productive seasons of any Norman team.

Outstanding on this year's squad was Dan Kahane who was the most consistent Norman runner.

Under the direction of Coach Ron Crawford, the Norman poloers took first in the Ventura Tourney, were barely nosed out by second ranked Fullerton in the CIF playoffs, and finished the year with a 17-4 mark, the best in the school's history.

This year's squad included many truly outstanding players. Defensive ace Doug Erenberg was awarded Sky League Co-player of the Year and all CIF Honorable Mention. Co-Captain Casey Jackson was selected first team All League and voted Co-Most Valuable Player. Goalie Terry Wolff was honored as Outstanding Player of the Ventura Tourney and chosen Second Team All League. Also chosen Second Team All League were co-captain Miles Corwin and junior Stan Schwimer. This year the Beverly Wrestling team, under Captain Randy Kuluva (right, crossfacing Adragna), had many ups and downs. After crushing their first two opponents the grapplers fell to a strong Aviation by one point. Faltering to Rolling Hills in their first league encounter the matmen bounced back strong with a victory over rival Culver City. In their final league match they beat Leuzinger, ending the year with a 2-3 record in the strong Sky League.

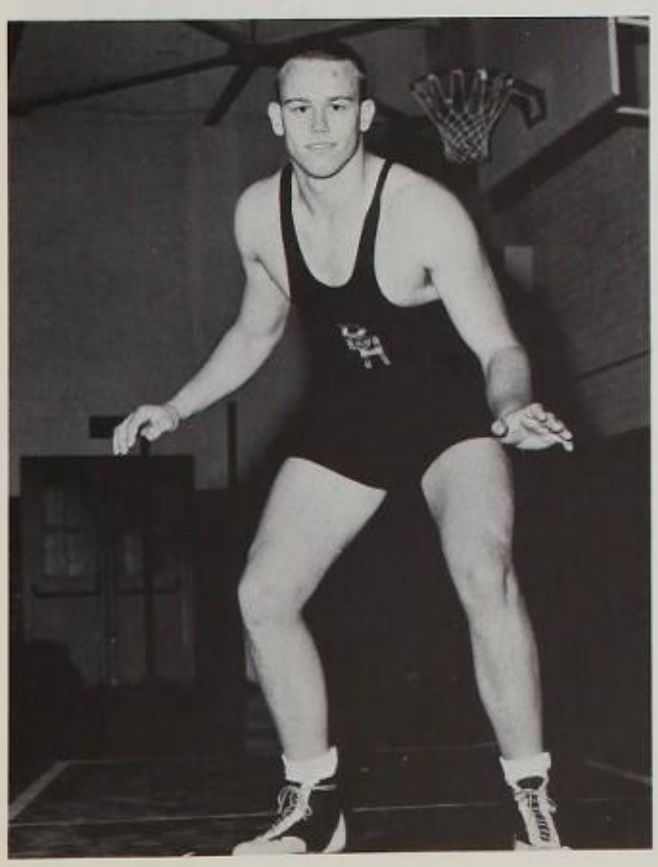
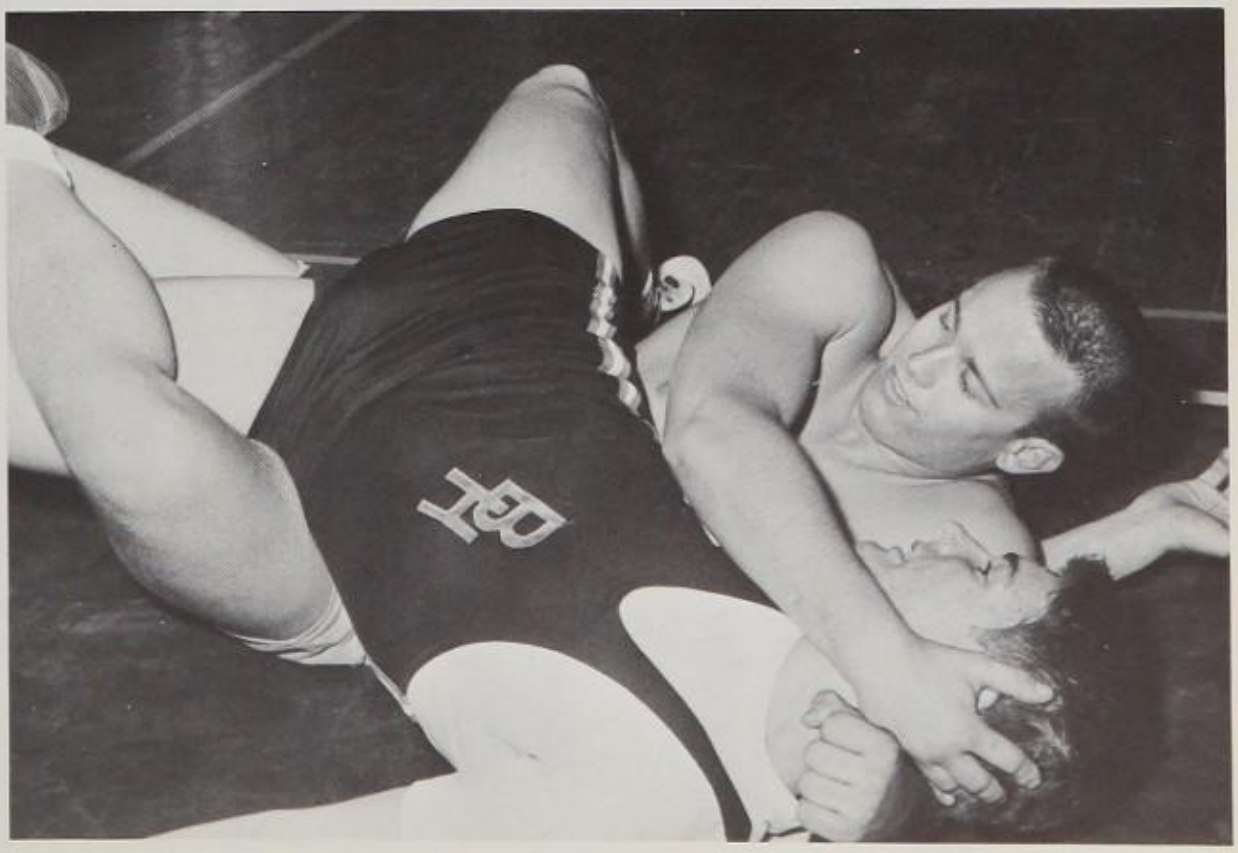
Dedication and perseverance were responsible for outstanding individual performances. Ross Snyder (below left) became the first wrestler in Beverly's history to win the El Camino and Simi Valley Tournaments and a league championship. Ross took second place in the CIF Heavyweight division with a record of 29-1 that was bettered by no one. Rookie senior Bill Hussey (below right with Snyder) gave Beverly another league champion. Peter Bourne with Kevin Cahill and sophomore Tony Adragna finished high in league. These Normans backed by a strong JV, should lead Beverly to a championship next year.





Varsity Basketball

One of the most exciting teams to grace Norman's court, the 1967-68 Varsity Basketball squad enjoyed many thrilling victories and last minute come-backs. Led by captain Alex Gamble, Beverly finished with a 7-3 league mark, and were barely nosed out of a CIF playoff berth by Culver City. Never out of contention, the Normans showed the hang-tough spirit that will be continued next year by four returning starters.

This year's team was composed of many stars. Becoming the all time scoring leader in the history of the school, Alex Gamble was selected most valuable player of the Beverly Hills Invitational Tournament, Junior Jason Newman played excellently all around, and was chosen second team all league, while center Rick Ceasar provided needed rebounding strength. Sophomore sensation Jim Tough displayed great quickness and agility, and was also a key scorer. After an early season injury, Ed Carman returned as a starting guard, and combined with Ed Burris, a sophomore off the J.V. team, to score well and help out on the boards. Seniors Mike Stern, Fred Mann, and Steve Meyers provided strong leadership and the needed spark in the late going of many games.

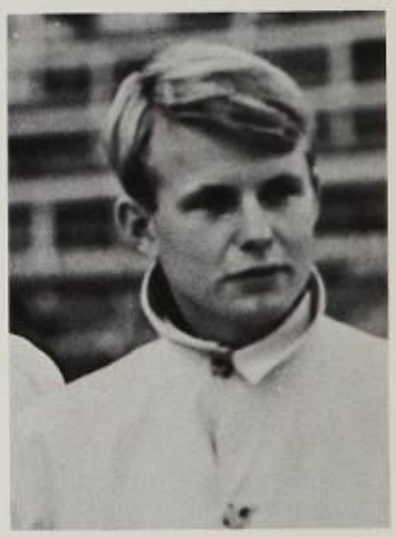
Coach Kloes



Coach Larson

Comprised mostly of returning lettermen, Coach Chuck Kloes' varsity track squad posted a fine record in their last year in Sky League. Led by returning league champ, Mike Barr, a consistent performer in the 100, 440, and relay, and captain Elie Gindi in the high jump and long jumps, the Normans had the most well-rounded team in recent years. An improved group of hurdlers headed by Dick Felton, Clark Young, and Steve Rasak combined with Rudy Malanga, Dean Rise, and Noel Weiss (sprints), Buz Dasteel (distance), Lon Levin (shot put), Joey Gindi and Roger Smith (middle distance) and pole vaulters Veijo Uski and Brian Meckleburg to provide the fine balance of this year's team.
